SINCE 1922

## SINCE 1922

Three generations of passion, commitment, and vision have shaped Colombo Jewellery Stores into a landmark of luxury and a sanctuary of timeless style. Since its founding in 1922, CJS has remained steadfast in its philosophy of no compromise on quality, building its legacy on exceptional craftsmanship, high fashion, and an unwavering love for precious gems.

Guided by its founder's discerning eye and creative spirit, CJS continues to stand as a hallmark of luxury, design excellence, and enduring elegance - a house where heritage and innovation meet.

# ECHOES OF ELEGANCE

ONE TIMELESS LEGACY

CJS presents Echoes of Elegance: One Timeless Legacy, a tribute to heritage and the enduring artistry that defines Colombo Jewellery Stores.

Brought to life by Brand Ambassador Jacqueline Fernandez, the campaign unveils each creation through her effortless grace, illuminating craftsmanship shaped by precision, tradition, and the signature brilliance of CJS. Every detail speaks to a legacy refined over generations.

This is a celebration of our past and our present, and of the legacy we continue to shape. From contemporary silhouettes to enduring classics, each piece reflects what we inherit, what we cherish, and what we choose to pass on.

## FINE JEWELLERY

At CJS, excellence is at the heart of every piece we create. Our journey through design and craftsmanship brings together a rich interplay of motifs, textures, and styles, each one celebrating the natural brilliance of precious gemstones. From the deep blue allure of sapphires and the vivid green of emeralds to the fire of rubies and the enduring sparkle of diamonds, every stone is hand-selected for its exceptional beauty. Each creation, whether modern or timeless, is designed with intention and artistry, with an unwavering commitment to craft.

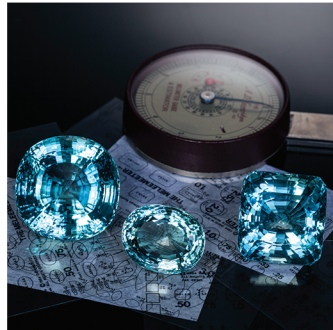

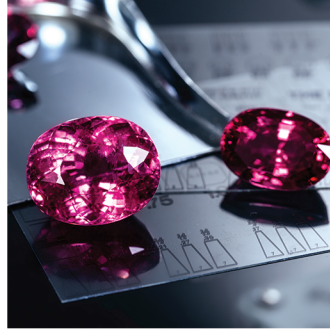

## SAPPHIRE ISLAND

As CJS entered a new chapter in its century long journey, the Sapphire Island collection was unveiled with Youth Ambassador Sade Greenwood.

Celebrating the Sri Lankan Blue Sapphire, the collection showcases stones prized for their purity and colour, from rich royal blues to the iconic cornflower hue, embodying depth, brilliance, and enduring elegance.

## PRECIOUS GEMSTONES

At Colombo Jewellery Stores, gemstones are the heart of every creation, chosen for their brilliance, depth, and expressive colour. From luminous sapphires and rich emeralds to vibrant rubies and the quiet power of diamonds, each stone is carefully selected for its individual character. More than adornment, every gem carries a story - capturing emotion, marking moments, and reflecting the unique spirit of the wearer.

# UNFORGETTABLE

A Future in the Wild

Since 2015, Colombo Jewellery Stores has been committed to protecting Sri Lanka's wild elephants through Unforgettable: A Future in the Wild. Launched with the Sri Lanka Wildlife Conservation Society and guided by brand ambassador **Jacqueline Fernandez**, the initiative introduced impactful solutions such as the EleBus and the Orange Elephant Project to reduce human–elephant conflict.

In 2020, CJS extended this work with the Wildlife and Nature Protection Society, supporting conservation through Limited Edition Elephant Pendants and the Light Repel System (LRS). Together, these efforts reflect CJS's enduring dedication to safeguarding Sri Lanka's wild elephants and their habitats.

## OCEAN BLUES

In collaboration with Oceanswell and Dr. Asha de Vos, Colombo Jewellery Stores has championed marine conservation since 2018. What began with the Blue Whale Limited Edition Pendant grew into a considered collection, including Dolphin, Sperm Whale, and most recently the Orca Pendant, each reflecting CJS's commitment to protecting ocean life and habitats.

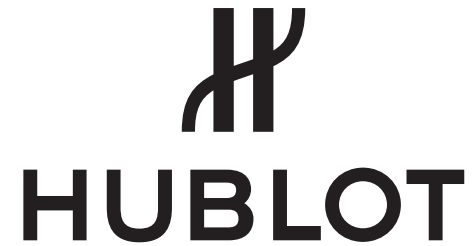

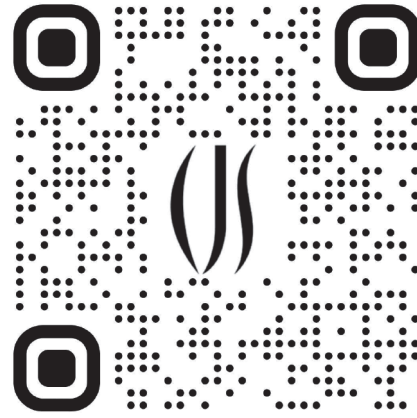

The partnership extends beyond jewellery to meaningful educational initiatives, including two children's books designed to inspire awareness and care for the oceans. Proceeds from all pendants continue to support Oceanswell's vital conservation work, reaffirming a shared dedication to safeguarding the beauty and future of our seas.

# PANTHERA PARDUS KOTIYA

In collaboration with the Wildlife and Nature Protection Society, Colombo Jewellery Stores honoured its commitment to conservation in late 2023 with the release of 130 Limited Edition Leopard Pendants, created to mark the Society's 130th anniversary. Proceeds supported WNPS programmes dedicated to protecting the Sri Lankan leopard and its habitat. Building on this shared mission, CJS has since introduced a new Leopard Pendant, continuing to raise awareness and funding for the protection of Sri Lanka's wildlife and natural heritage.

**HERITAGE STORE**, NO 1, ALFRED HOUSE GARDENS, COLOMBO 3, SRI LANKA | +94 11 2 597 584, +94 11 2 585 187, +94 777 810 290
